ECG Library
A Quick Guide for SMART Monitoring ECG Report Findings

Self Measurement is not the same as medical diagnosis. Please consult your doctor.

1st Degree AV Block
2nd Degree AV Block Type I
2nd Degree AV Block Type II
3rd Degree AV Block (Complete Heart Block)
Accelerated Junctional Rhythm
Accelerated Ventricular Rhythm
Atrial Fibrillation
Atrial Flutter
Atrial Flutter 2:1 ventricular response
Atrial Flutter 3:1 ventricular response
Baseline Artefact noted, intervals not calculated
Bigeminy PVCs
Bundle Branch Block QRS>.12
Early Repolarization
Ectopic Atrial Rhythm
Idioventricular Rhythm
Inverted P waves
Junction Rhythm
Long QT
Pacemaker Rhythm
Pacemaker Rhythm/Sinus Rhythm
Pacemaker/Atrial Fibrillation
Premature Atrial Contraction
PVCs
Regular Rhythm with P wave difficult to define
Short PR interval
Severe Artefact, no analysis available
Sinus Arrhythmia with Bradycardia
Sinus Arrhythmia with Tachycardia
Sinus Arrhythmia
Sinus Arrhythmia with Brady/tachy rates
Sinus Bradycardia
Sinus pause
Sinus Rhythm
Sinus Rhythm and Atrial Fibrillation
Sinus Rhythm and Sinus Bradycardia
Sinus Rhythm and Sinus Tachycardia
Sinus Rhythm with Accelerated Junctional Rhythm
Sinus Rhythm with Brady/tachy rates
Sinus Rhythm with pause noted
Sinus Rhythm with Pre-mature Junctional beat
Sinus Tachycardia
Sinus Tachycardia (age appropriate)
ST Depression
ST Elevation
Supraventricular Rhythm
Supraventricular Tachycardia
The artefact in this recording limits the diagnostic accuracy and interval measurements
Trigeminy PVC’s
Ventricular Tachycardia
Wandering baseline artefact
Wolf-Parkinson-White Syndrome

1 = Green = no action required
2 = Yellow = schedule a visit with a physician and show ECG report
3 = Red = see a physician as soon as possible and show the ECG report
0 = Gray = Repeat
